### Request Medication

The following medications are about to be requested. You should check that these are correct, add notes as required, and press the Request Medication button to complete the request.

Once your request has been submitted, a member of staff at the practice will process your request and issue the prescriptions ready for collection.

| Drug                                                                                                                                      | Notes |
|-------------------------------------------------------------------------------------------------------------------------------------------|-------|
| Paracetamol 500mg tablets<br>32 tablet - take 1 or 2 4 times a day<br>Last issued: 18 Jul 2017<br>Last requested 04 May 17, status Issued |       |
